

Green@cycle

recycling collection service

Firstly, a message from our **sponsors**:

Oops - we don't have any! Our Greencycle team is out and about in every suburb of PE on every weekday, executing around 1000 collections. If you would like your

name to be seen and lend your support to our non-profit organisation by adding your brand to our collection staff's uniforms, please do contact us for details.

June is Environment Month and we are delighted to be working with Kingfisher FM in their efforts to be green and encourage others to care for our environment. Tune in to

listen to Lize-Mari's God's Design show, 11.30 on Mondays in June to hear Laura's take on recycling. On a Wednesday morning, you can listen to Gareth's Green Hour to hear from like-minded people and get tips on what you can do to be more environmentally friendly.

Please use at least one clear Greencycle bag to identify your recycling, particularly while there are problems with municipal collections. Additional bags can be purchased from Greencycle for R40 per pack of 25, and we will deliver to your door.

A reminder to everyone that the dreaded **PET containers/punnets** – that usually house your soft fruit and sandwiches – are **not recyclable**... anywhere, ever. Please don't give them to us. Or black polystyrene. Please. Better still, don't buy it! (But remember, we love PET bottles.)

AD BREAK

Renovating? Building?
Contact Classic Design & Renovation for all your construction needs.

Our shopping bags are now sporting an "Off Chute" label to tell their story. The bags are designed to be durable and easy to keep in your bag, car or pocket to save you adding to the plastic bag

mountain. They are just R35 each.

For friends and family who need some extra encouragement to start recycling, please pass on the details of our **June Special Offer** for new customers

Green@cycle
recycling collection service
