

One of our customers very kindly nominated us (Laura) for the PE Businesswomen's Association's Regional Business Achievers Award in the Social Entrepreneur Category. We are delighted to have made it through to the final three and will be attending the Gala evening in June to hear the winners announced.

Greencycle will be at the Green Hour Expo, hosted by Kingfisher FM and the King's Court Centre this weekend (18th & 19th May). The Expo will be showcasing environmentally friendly products and services, and giving exposure to environmental causes. Do come and see us.

Separation of Recycling.

Please remember that for us, we only ask that, where possible, you keep paper separate from other recyclable waste. Everything else (plastic, glass, tins etc) can go together. This not only makes life simpler for you, but means that bags (and staff members!) are not overloaded with heavy bags.

Can it be Recycled?

Please periodically check to see what can and cannot be recycled by clicking here: <http://www.greencycle.co.za/whatcanberecycled.html>. We currently have to go to the landfill site every day and pay to dispose of unrecyclable waste that comes in.

Payments

And again, remember to use your reference number and name when paying by EFT. If possible, do not make cash or cheque payments into the bank, due to high bank charges. If you would like to pay cash, please let us know and we will ask the driver to collect directly from you.

We have some new help in the confidential document shredding room – they are particularly good at ensuring papers are thoroughly destroyed ...
